DON'T BE A STATISTIC, GET VACCINATED.

COVID 19-vaccines are effective at protecting people from getting seriously ill, being hospitalized, and dying. Vaccination remains the safest strategy for avoiding hospitalizations, long-term health outcomes, and death.

DID YOU KNOW?

In just one week over 1,000 Virginians are currently hospitalized, up 65% since December 2022.

1,000+ HOSPITALIZED

Black people continue to have the lowest vaccinations rates, the highest COVID-19 death and hospitalization rate relative to any other group.

838 COVID-RELATED DEATHS IN ROANOKE CITY

Roanoke City alone has lost 838 of its residents from COVID-related deaths over the course of the pandemic.

Vaccination is a safer, more reliable way to build protection against COVID-19.
