

# got boosted?

The bivalent boosters protect against both the original COVID-19 virus and the Omicron variant BA.4 and BA.5.

The CDC recommends one bivalent booster: For everyone aged 5 years+ if it's been at least 2 months since your last dose.

Unvaccinated adults are 16x more likely to be hospitalized compared to adults who received an updated COVID-19 booster.

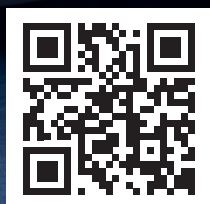

Need to get boosted?  
Call 877-829-4682  
to find a vaccination clinic near you and answer your COVID-19 questions.

There are a lot of good reasons to get the COVID-19 Booster.
